IN RE: The Matter of	)

CRAIG C. OLIVER, D.O.	)

	)

ORDER

This matter comes before the Medical Licensure Commission of Alabama on the Motion to Alter, Amend, or Vacate Order submitted by the Alabama State Board of Medical Examiners (the Board). In that motion, the Board correctly points out that some of the restrictions on Dr. Oliver's license to practice medicine were imposed upon Dr. Oliver's Certificate of Qualification (COQ) issued by the Board by way of voluntary restrictions. The Commission's prior Order of June 30, 2021, purported to lift the probationary status on the license and, with it, all of the restrictions on the license, including the voluntary restrictions on the COQ imposed by the Board. Section 34-24-361(g) requires that "If the Board attaches restrictions to a physician's or osteopath's certificate of qualification . . . the commission shall also place the restrictions on the physician's or osteopath's license to practice medicine . . ." Ala. Code § 34-24-361(g) (1975). The Commission's Order of June 30, 2021, therefore, is due to be vacated.

Further review of the voluntary restrictions reveals that one of the said voluntary COQ restrictions was not encompassed in the Commission's original Order of January 15, 2020, which granted a probationary license with restrictions. More specifically, the voluntary restrictions agreed to by Dr. Oliver on or about November 21, 2019, included the following:

> 4. I agree to provide to the Board, upon request, blood and/or urine and/or hair samples for the purpose of laboratory testing to determine the presence of alcohol, controlled substances, and/or

> mood-altering substances, and I understand and acknowledge that I shall be responsible for the expense of said testing. I understand and agree that a refusal by me to provide a blood and/or urine and/or hair sample to the Board upon request shall constitute a violation of this Voluntary Restriction.

It is apparent to the Commission that this restriction is intended to be part of the Board's monitoring of Dr. Oliver and is a separate requirement from the other restrictions which are encompassed in Dr. Oliver's agreement with the Alabama Professionals Health Program (APHP). The Commission's original Order of January 15, 2020, therefore, is due to be amended to include the above-referenced restriction.

Dr. Oliver's most recent request to lift restrictions on his license was a request to lift the restriction on his license which limited his practice to the University of South Alabama's Internal Medicine Residency Program. That request is due to be granted.

It is therefore, ORDERED, as follows:

1. The Commission's Order of June 30, 2021, purporting to lift the probation on Dr. Oliver's license to practice medicine is hereby VACATED.

2. The Commission's Order of January 15, 2020, is hereby AMENDED so as to delete the restrictions and/or probation placed upon his license and for those restrictions to be replaced in their entirety as set out below. Dr. Oliver's license to practice medicine, therefore, shall be and is hereby restricted as follows:

A. Dr. Oliver shall maintain his contract with the Alabama Physician's Health Program (APHP) in good standing until released by APHP and the Board, and he shall abide by all of the terms of that contract, including submission to alcohol/drug screenings and/or polygraph testing which APHP may require from time to time under that agreement;

B. Dr. Oliver shall abstain from using any and all mood-altering and/or potentially addictive substances, drugs, and/or chemicals, whether scheduled, non-scheduled, or over the counter, except as prescribed by a physician and in accordance with the terms of the APHP agreement;

C. During the period of the Voluntary Restrictions on his COQ agreed-to by Dr. Oliver, he shall notify the Board of any change of residence address and any change in medical practice location or employment, and shall provide the reason for such change;

D. Dr. Oliver shall execute and, until such time as the MLC lifts the restrictions or Dr. Oliver's license otherwise terminates, keep in effect a valid consent which complies with the requirements of 42 C.F.R. Part 2.

Entered this 11th day of August, 2021.
