**Approved pending acceptance and payment of a non-disciplinary citation issued by the Board.*

A motion was made by Commissioner Christopher to approve full licensure applicants number one through one hundred and twenty-five (1-125) for licensure. The motion was approved by unanimous vote.

IMLCC LICENSE The Commission received as information a report of the Interstate Medical Licensure Compact licenses that were issued July 17, 2019 through August 20, 2019. A copy of such report is attached hereto as Exhibit "A".

SPECIAL PURPOSE

Name	Type of Practice	Location
1. Sabitha Hudek	Telemedicine Psychiatry	Tennessee

Commissioners Christopher and Morris made motions to approve the applicant for a Special Purpose license. The motion was approved by unanimous vote.

LIMITED LICENSE

A motion was made by Commissioner Alsip to approve the Limited License applicants one through thirty-seven (1-37). The motion was approved by unanimous vote. A copy of the applicant list is attached hereto as Exhibit "B".

CURRENT BUSINESS

Phillip R. Stover, M.D. The Commission accepted the Voluntary Surrender of Dr. Stover's Alabama Medical license.

Xiulu Ruan, M.D. The Commission received as information correspondence from Dr. Ruan.

Francene Gayle, M.D. The Commission considered an Objection to Expert Testimony filed in this case. A motion was made by Commissioner Christopher to issue an Order. The motion was approved by unanimous vote. A copy of such Order is attached hereto as Exhibit "C". Additionally, the Commission rescheduled this case for hearing on March 2-5, 2020.

MLC/BME Rules in Conflict Commissioner Alsip was appointed by the Commission to a workgroup which will also include a member of the Alabama Board of Medical Examiners

JKW

along with Board and Commission legal counsel to resolve conflicts in the Board and Commission Administrative Rules.

EXECUTIVE SESSION

Chairman Walburn requested a motion to enter into executive session to discuss the general reputation and character, physical condition, professional competence, or mental health of an individual and to hear, deliberate and discuss evidence presented during any contested case hearings. A motion was made by Commissioner Smith and carried by unanimous approval. Chairman Walburn announced that the Alabama Medical Licensure Commission would reconvene in a public session at approximately 5:00 p.m.

The Commission entered into executive session at 9:55 a.m.

Following the executive session, Commission Chairman, James H. Walburn, M.D. reconvened the public meeting of the Alabama Medical Licensure Commission.

Reconvened in public session at 6:00 p.m.

OTHER BUSINESS

Judy O.C. Travis, M.D. Based on a request from David Standaert, M.D. with UAB Department of Neurology, a motion was made by Commission Alsip to enter a clarification Order in this case. The motion was approved by unanimous vote. A copy of such Order is attached hereto as Exhibit "F".

EXHIBIT C

BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA

ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, vs. FRANCENE ARETHA GAYLE, M.D. Respondent.	)	**Case No. 15-209**

ORDER

This cause comes before the Medical Licensure Commission of Alabama on the Alabama State Board of Medical Examiners' Objection to the Testimony of Dr. Alan Kaye and Respondent's response. The Commission finds that the motion is due to be and is hereby granted in part and denied in part in accordance with the following;

It is hereby ORDERED that Dr. Alan Kaye will be allowed to testify in the Respondent's defense of the administrative complaint pending in this case. Dr. Kaye, however, shall not be allowed to testify as to or refer to any facts or data which support his opinions which have not been disclosed to the Petitioner, unless Petitioner seeks such testimony on cross-examination in accordance with Rule 705 Ala. R. Evid. Further, Dr. Kaye shall not be allowed to give an opinion on an ultimate issue in the case, as such testimony is precluded by Rule 704 of the Alabama Rules of Evidence—an ultimate issue being a conclusion as to whether a statute or rule has been violated. As it regards whether Dr. Kaye is sufficiently similarly-situated to testify as an expert, the Commission finds that such proscription, as it applies to Alabama Medical Liability Act, is not applicable to the Administrative Complaint in issue. The Commission will

determine the relevancy of Dr. Kaye's testimony at the hearing and give the testimony the weight its relevance requires.

Done this 10th day of September, 2019.

JAMES H. WALBURN, M.D., Chairman
Alabama Medical Licensure Commission

EXHIBIT D

CONSENT ORDER

This matter is before the Medical Licensure Commission of Alabama (the "Commission") on the administrative complaint filed by the Alabama Board of Medical Examiners (the "Board") on August 21, 2019. The Board and the Respondent, AUBREY P. SCHINNERER, M.D., entered into a Joint Settlement Agreement, which was filed with this Commission on the 21st day of August, 2019. The Commission hereby finds that it has jurisdiction over the administrative complaint, and the parties hereto, pursuant to Ala. Code § 34-24-361.

After reviewing the joint settlement agreement submitted by the parties, which is incorporated by reference as if set forth fully herein, the Commission hereby finds that the Respondent, AUBREY P. SCHINNERER, M.D., has committed acts which violate Ala. Code § 34-24-360(23) and Medical Licensure Commission Rule 545-X-5-.02. The Commission concludes, as a matter of law, that the stipulated facts of the joint settlement agreement establish violations of Ala. Code § 34-24-360(23) and Rule 545-X-5-.02.

Based upon the foregoing findings of fact and conclusions of law, it is the ORDER of the Medical Licensure Commission:

1. That the license to practice medicine of the Respondent, AUBREY P. SCHINNERER, M.D., license number MD.35088, be, and is hereby REPRIMANDED.

2. That the Respondent, AUBREY P. SCHINNERER, M.D. be, and is hereby assessed an administrative fine in the amount of Two Thousand Dollars ($2,000). The administrative fine is due and payable to the Medical Licensure Commission within thirty (30) days of the date of this Consent Order.

3. That the Respondent, before December 31, 2019, shall obtain fifty (50) credits of AMA PRA Category 1™ or equivalent continuing medical education.

The Medical Licensure Commission retains jurisdiction in this matter for the purpose of entering such further orders and directives as may be required to implement the provisions of this Consent Order.

ORDERED this the 28th day of August, 2019.

James H. Walburn, M.D., Chairman,
Medical Licensure Commission of Alabama

EXHIBIT E

BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA

ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, vs. EDITH GUBLER MCCREADIE, M.D. Respondent.	)	**Case No. 17-297**

FINAL ORDER

This cause came before the Medical Licensure Commission of Alabama for hearing on the Administrative Complaint filed by the Alabama Board of Medical Examiners. A final hearing was had on August 28, 2019, at which Dr. McCreadie appeared with counsel and testified. Upon the evidence and testimony submitted at the final hearing, the Commission makes the following findings of fact:

1. That in 2016 Dr. McCreadie wrote 7,775 prescriptions to 420 patients; that those prescriptions included 618,421 individual dosage units (i.e. pills or transdermal patches) for an average of 1,472 dosage units per patient; that the average daily morphine milligram equivalent (MME) for those patients was 76;

2. That in 2017 Dr. McCreadie wrote 5,898 prescriptions to 338 patients; that those prescriptions included 461,890 individual dosage units for an average of 1,366.5 dosage units per patient; that the average daily morphine milligram equivalent (MME) for those patients was 73.6;

3. That in 2018 Dr. McCreadie wrote 3,350 prescriptions to 299 patients; that those prescriptions included 261,312 individual dosage units for an average of 873.9 dosage units per individual; that much of Dr. McCreadie's 2018 prescription writing occurred after her initial interview with an investigator for the Alabama Board of Medical Examiners;

4. That for a period of approximately two years, 49% of the prescriptions Dr. McCreadie wrote were for Schedule II narcotics and 32% were for sedatives; that Dr. McCreadie had a family practice in Mobile County, Alabama;

5. That a significant number of Dr. McCreadie's patients were being prescribed three drugs simultaneously, which drugs are known as the "holy trinity" or the "Houston cocktail"; that the "holy trinity" or the "Houston cocktail" includes an opioid, a benzodiazepine, and Soma (carisoprodol); that the said cocktail is much sought after as a street drug because of the euphoric effects the cocktail induces; that the combination of opioids, benzodiazepines, and Soma increases the risks of abuse, overdose, and diversion to non-prescribed users;

6. That a significant number of Dr. McCreadie's patients were prescribed multiple drugs of the same class, particularly multiple opioids and multiple benzodiazepines, which increases the risks to the patients by way of abuse and overdose and increases the risks of diversion to non-prescribed users;

7. That a significant number of Dr. McCreadie's patients were prescribed a combination of opioids and benzodiazepines, which carry an increased risk of overdose, respiratory depression, and death; that such combination is the subject of an FDA black box warning;

8. That Dr. McCreadie exhibited a pattern of continued prescribing of high dosages and dangerous combinations of drugs for patients who exhibited high risk factors for abuse,

misuse, and diversion, including non-compliant drug screens showing either that the patient was taking medications which were not prescribed or street drugs or were not taking the prescribed medications at all, youth, psychological illness or psychiatric pathology;

9. That Dr. McCreadie exhibited a pattern of prescribing without including in her charts sufficient clinical evidence or reasoning to support the quantities and combinations of drugs prescribed;

10. That in the case of L.L., Dr. McCreadie prescribed high dosages and dangerous combinations of medications, which included, at one time, Demerol, Percocet, Soma, Klonopin, Ambien, Wellbutrin, Paxil, Gabapentin, and Risperdal; that this combination includes two opioids (drugs of the same class); that this combination included the "holy trinity" of opioids, a benzodiazepine, and Soma; that this combination included opioids and benzodiazepines; that L.L. was being prescribed over 200 morphine milligram equivalents of opioid pain medication per day of narcotics with these dangerous combinations for years despite the patient's documented suicidal and homicidal ideations and a refusal of the patient to undergo psychiatric or psychological treatment; that Dr. McCreadie's testimony was that the patient could be heard and seen talking to herself with her arms raised in her waiting room; that L.L. died from "mixed drug toxicity" in what may have been a suicide; that most of the drugs shown on the toxicology report appended to L.L.'s autopsy report were drugs prescribed to her by Dr. McCreadie;

11. That in the case of C.C., Dr. McCreadie prescribed high doses and dangerous combinations of medications despite high risk factors for abuse and diversion, including that the patient lived with another of Dr. McCreadie's patients who was also being prescribed high doses of pain medications, that the patient's brother had stolen and altered a prescription written for the patient, and that the patient had at least one non-compliant drug screen, which was positive for

non-prescribed Suboxone and negative for the drugs prescribed; that in one instance, C.C. was being prescribed Xanax, oxycodone, Norco, Soma, Mobic, Xeloda, Topamax, gabapentin, indomethacin, and Phenergan; that this combination represented over 200 daily morphine milligram equivalents of opioids, included two opioids of the same class, and included the "holy trinity" or "Houston cocktail";

12. That, in the case of C.B., Dr. McCreadie prescribed high doses and dangerous combinations of medications and continued to do so despite a documented history of addiction, addictive personality, and at least two non-compliant drug screens; that at one visit in August 2013, C.B. was being prescribed Valium, Lortab, Lidoderm patches, and Celebrex; that this drug regimen included two opioids and the "holy trinity" or "Houston cocktail" combination of an opioid, benzodiazepine, and Soma and represented over 200 daily morphine milligram equivalents;

13. That, in the case of K.B., Dr. McCreadie prescribed high doses and dangerous combinations of medications in a regimen which included, at one point, Norco, oxycodone, Soma, Valium, and Flexeril; that this regimen represented over 200 daily milligram equivalents of morphine, two opioids, two benzodiazepines, and the "holy trinity" of opioid, Soma, and benzodiazepine; that Dr. McCreadie continued this type regimen despite a non-compliant drug screen and other multiple risk factors for abuse and diversion;

14. That, in the case of N.P., Dr. McCreadie prescribed high doses and dangerous combinations of medications in a regimen which included Duragesic Patch, morphine, Valium, Fioricet, Flector Patches, Toradol, Tegretol, Voltaren, Adderall, Trintellix, Seroquel, gabapentin, tizanadine, and Zofran; that this regimen included over 300 daily milligram equivalents of morphine (MMEs), including two long-acting opioids, and was continued in the patient despite

drug screens being negative for the prescribed medications and other risk factors for abuse and diversion, including indications of psychological disorder; that this regimen, which included a combination of an opioid, benzodiazepine, and a barbiturate, subjected the patient to an increased risk of overdose; that nine (9) of the drugs prescribed carry, independently, an increased risk of respiratory depression; that there was no documented reason in the medical chart for the Adderall, and the patient had a drug screen which was negative for the drug;

15. That, in the case of V.M., Dr. McCreadie prescribed high doses and dangerous combinations of drugs, which regimen included Duragesic patch, oxycodone, Klonopin, Focalin, Seroquel, Phenergan, and Mobic; that the said regimen contained over 180 daily milligram equivalents of morphine and was continued in the patient despite high risk factors for substance abuse and diversion, including non-compliant drug screens showing unprescribed methamphetamine and methadone use and a psychiatric pathology; that said regimen included two opioids, and the combination of opioid and benzodiazepine, which increased the risk of respiratory depression; that the dosages were higher than necessary for the documented condition;

16. That, in the case of W.K., Dr. McCreadie prescribed a codeine cough syrup for a cough associated with acid reflux; that Dr. McCreadie continued this prescription for two years without referring the patient for gastroenterology treatment after failing in the attempt to control the reflux with other prescribed medications; that Dr. McCreadie also prescribed Norco to the patient and refilled the prescription despite a drug screen showing that the patient had not taken the medication; that the patient also had a failed drug screen for THC, the addressing of which Dr. McCreadie failed to document in her chart;

17. That, in the case of A.A., Dr. McCreadie prescribed high doses and dangerous combinations of drugs, which regimen included, at one point, Valium, Klonopin, Prozac, Keppra, Talwin, Flexeril, Abilify, Adipex, Prilosec, Phenergan, and doxepin; that said regimen included two benzodiazepines at high doses and multiple times per day along with doxepin and Prozac; that said regimen includes opioids and benzodiazepines, which increase the risk of respiratory depression and are subject to an FDA black box warning; that the said regimen includes a combination of Adderall, benzodiazepines, and opioids, which further increase the risks of harm to the patient; that Dr. McCreadie continued the regimen after a non-compliant drug screen; that, at one time, Dr. McCreadie continued prescriptions for two benzodiazepines (clonazepam and alprazolam)—which is excessive and dangerous in itself—after the patient's drug screen was negative for both and the patient told her that she had taken some old prescriptions for Valium and Restoril instead; that the patient, therefore, had access to four benzodiazepines at one time; that Dr. McCreadie prescribed Talwin to A.A., who had a history of seizures, which is contraindicated;

18. That, in the case of D.B., Dr. McCreadie prescribed high doses and dangerous combinations of medications, including Fentanyl patch, Soma, Percocet, Xanax, Ambien, and Lyrica, which contains two opioids, the combination of opioids with benzodiazepines, and the "holy trinity" combination of opioids, Soma, and benzodiazepines;

19. That, in the case of T.M., Dr. McCreadie prescribed a medication regime including Xanax, Tramadol, Oxycodone, Skelaxin, and Phenergan, which included a dangerous combination of high doses of two short-acting opioids, opioids and benzodiazepines, and the inclusion of a muscle relaxant, all of which increase the risks of abuse, overdose, and diversion.

Based upon these findings, the Commission concludes that Dr. McCreadie:

1. Practiced medicine in such a manner as to endanger the health of her patients in violation of § 34-24-360(3) Ala. Code (1975);

2. Distributed by prescribing, dispensing, furnishing, or supplying controlled substances to a person or patient for other than a legitimate medical purpose in violation of § 34-24-360(8) Ala. Code (1975);

3. Committed gross malpractice, repeated malpractice, or gross negligence in the practice of medicine in violation of § 34-24-360(9) Ala. Code (1975);

4. Excessively prescribed, furnished, or supplied Schedule II controlled substances in violation of § 34-24-360(21) Ala. Code (1975);

5. Failed to comply with rules of the Board of Medical Examiners for the use of controlled substances for the treatment of pain; more particularly, Dr. McCreadie failed to maintain written treatment plans for patients stating the objectives for treatment and indicating whether future diagnostic evaluations are planned; failed to maintain written agreements with patients outlining patient responsibilities, drug screening, refill policy, reasons for discontinuance of drug therapy, and need for the patient to receive prescriptions from one physician and one pharmacy; and failed to keep accurate and complete medical records for patients, all in violation of 540-X-19-.09 of the Alabama Administrative Code and § 34-24-360(23) Ala. Code (1975).

It is, therefore, ORDERED that the license to practice medicine issued to Edith Gubler McCreadie, M.D. be and is hereby revoked; that said revocation be and is hereby suspended and Dr. McCreadie is placed on probation subject to the following terms and conditions of continued practice:

1. Dr. McCreadie shall not prescribe any medication containing an opioid, an opioid agonist/antagonist, benzodiazepine, carisoprodol, or tramadol;

2. Dr. McCreadie shall not prescribe controlled substances for the purpose of weight loss or weight management;

3. Dr. McCreadie shall pay a fine of one thousand dollars ($1,000) for each of the five (5) violations enumerated in the conclusions above for a total of five thousand dollars ($5,000) within ninety (90) days from the date of this Order;

4. Dr. McCreadie shall pay the administrative costs, fees, and expenses, incurred by the Board of Medical Examiners in the prosecution of this action in accordance with Ala. Admin. Code 545-X-3-.08(11). The Board of Medical Examiners is directed to submit a bill of costs to the Commission within thirty (30) days of this order which shall contain the amounts incurred with the verification provided for in 545-X-3-.08(12). A copy of such submission shall be served on Respondent or her counsel. Respondent shall file any written objections to the bill of costs within ten (10) days of service.

Done this 10th day of September, 2019.

BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA

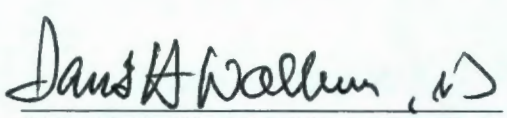
ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, vs. JUDY O.C. TRAVIS, M.D. Respondent.	**Case No. 2018-253**

ORDER

This cause came before the Medical Licensure Commission of Alabama on a telephone call received by Dr. David Standaert regarding the information contained in the Commission's Order of August 9, 2019 as it relates to the ordered neuropsychiatric evaluation at the University of Alabama Birmingham. In order to clarify and carry into effect its previous order, it is hereby ORDERED as follows:

Dr. Travis shall submit to a complete physical, neurocognitive, and neuropsychological examination as may be deemed appropriate by the evaluating professionals at the University of Alabama Birmingham Department of Neurology, Sparks Center 650K, 1720 7th Avenue South, Birmingham, Alabama, under the direction of David Standaert, M.D., which examination shall include any testing, monitoring, and examinations directed by Dr. Standaert. This order is intended to clarify the Commission's previous order, the terms and conditions of which are not changed or altered hereby.

Done this 10th day of September, 2019.



JAMES H. WALBURN, M.D., Chairman
Medical Licensure Commission of Alabama

EXHIBIT G

ALABAMA STATE BOARD OF MEDICAL EXAMINERS,	)	
Complainant,	)	**BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA**
vs.	)	
PATRICK E. IFEDIBA, M.D.,	)	**CASE NO. 2019-165**
Respondent.	)	

ORDER TEMPORARILY SUSPENDING LICENSE
AND SETTING HEARING

Upon the verified Administrative Complaint of the Alabama State Board of Medical Examiners, and pursuant to the authority of Ala. Code § 34-24-361(f) and 41-22-19(d), it is the ORDER of the Commission that the license to practice medicine in Alabama, license certificate number MD.19014, of PATRICK E. IFEDIBA, M.D., be, and the same is hereby, immediately suspended. PATRICK E. IFEDIBA, M.D., is hereby ORDERED and DIRECTED to surrender the said license certificate to Stan Ingram, a duly authorized agent of the Medical Licensure Commission. PATRICK E. IFEDIBA, M.D., is hereby ORDERED to immediately CEASE and DESIST from the practice of medicine in the State of Alabama until such time as the Administrative Complaint of the Alabama State Board of Medical Examiners shall be heard by the Commission and a decision rendered thereon.

This action is made consistent with the Rules and Regulations of the Board of Medical Examiners and the Medical Licensure Commission and Ala. Code § 34-24-361(f), based upon the request of the Alabama State Board of Medical Examiners upon the Board's finding and certification that the Board presently has evidence in its possession that the continuance in practice

of PATRICK E. IFEDIBA, M.D., may constitute an immediate danger to his patients and the public.

It is the further ORDER of the Medical Licensure Commission that the Administrative Complaint of the Alabama State Board of Medical Examiners be, and the same is hereby, set for hearing on the 20th day of December, 2019, at 9:30 a.m., at the offices of the Medical Licensure Commission, 848 Washington Avenue, Montgomery, Alabama.

PATRICK E. IFEDIBA, M.D., is ORDERED to appear before the Commission at the aforesaid time and date to answer the allegations of the Administrative Complaint filed by the Alabama State Board of Medical Examiners.

It is the further ORDER of the Commission that a copy of the verified Administrative Complaint of the Alabama State Board of Medical Examiners and a copy of this order shall be forthwith served upon PATRICK E. IFEDIBA, M.D., by personally delivering the same to him at his office or at his residence or such place as he may be found in the State of Alabama, or by certified mail, return receipt requested, to his last known address if he cannot be found in the State of Alabama. The Commission further directs that the service of process shall be made by Stan Ingram, who is designated as the duly authorized agent of the Medical Licensure Commission.

It is further ordered that the parties and their attorneys immediately check their calendars for scheduling conflicts. No requests for continuances based upon scheduling conflicts of attorneys or parties will be considered unless such request is made forty-five (45) days prior to the scheduled hearing date.

ORDERED at Montgomery, Alabama, this 28th day of August, 2019.

James H. Walburn, M.D.
Medical Licensure Commission of Alabama
