5. Dr. Studstill may submit to an evaluation and treatment at one facility in compliance with items 1 and 2 above where a facility may be available and approved by APHP for both purposes.

Dr. Studstill may apply to the Commission to lift the said probation and have her medical license returned to active, unrestricted status once she has (1) shown successful compliance with the terms and conditions of probation set out above, (2) submitted statements from both the

psychiatrist and treatment facility described above that Dr. Studstill is safe to practice medicine, and (3) receives the advocacy of APHP for the reinstatement of said license.
