EXHIBIT G

BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA

ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, vs. KATHLEEN A. CULLEN, M.D. Respondent.	)	**Case No. 2020-145**

FINAL ORDER

This matter came before the Medical Licensure Commission for final hearing on November 23, 2020 on the Administrative Complaint filed in the above action. Dr. Cullen, being duly notified in accordance with the Alabama Administrative Procedures Act, was not present and was not represented by counsel. By order of the Commission, the said hearing was continued and re-commenced on January 27, 2021 to allow Dr. Cullen to appear. On January 19, 2021, the Commission issued a supplemental order directing Dr. Cullen to produce five (5) medical charts for Alabama patients "for whom Dr. Cullen ordered tests while providing telemedicine services under contract for or employment by Bronson Medical." The Commission also ordered Dr. Cullen to produce five (5) medical charts for Alabama patients for whom a mid-level professional working under a collaborative practice agreement with Dr. Cullen prescribed medication as part of the mid-level's and Dr. Cullen's provision of telemedicine services for Bronson Medical.

Dr. Cullen appeared by video technology on January 27, 2021 and gave testimony. From the testimony and evidence submitted at said hearings the Medical Licensure Commission of Alabama finds as follows:

The following general facts noted during the investigation and hearing which were ancillary to the formal charges:

1. Regarding the conduct of the hearing, the evidence presented and not presented, and Dr. Cullen's actions and behavior, the Commission specially notes that Dr. Cullen was uncooperative, evasive, slow to respond to the Board's legitimate requests, delayed the proceedings without cause, and failed to show for the November 2020 hearing despite having adequate notice. Dr. Cullen did not respond to repeated attempts to contact her by both the Board and the Commission's staff, and she did not answer any mail that was delivered to her address of record. Her responses to email inquiries were substantially delayed and intermittent, despite the Board and Commission verifying that she received email at the address used by both agencies.

Dr. Cullen intentionally failed to provide the information the Commission needed to make a determination on the charges against her license. Specifically, she failed to produce medical records which she claimed were held by Bronson Medical, but which related to patients to whom she provided medical care. Dr. Cullen was evasive in her testimony regarding her ordering of medical tests, and her collaboration with mid-level providers, and she failed to produce any evidence that she ever communicated with her collaborating advanced practice nurses.

The Board presented evidence at the November 2020 hearing that Dr. Cullen's relationship with Bronson Medical and her ordering of genetic tests and other medical tests were consistent with known healthcare fraud schemes that are currently being carried out across the

country. The Board issued subpoenas to Dr. Cullen and to Bronson Medical in an effort to present evidence concerning this suspected fraud. However, neither Dr. Cullen nor Bronson Medical were able to access or produce any records prior to the hearing. The Commission suspects that these omissions were intentional but, without the records, the Commission is not reasonably satisfied that substantial evidence exists to prove whether Dr. Cullen committed fraud herself, or whether she was the unwitting accessory to fraud by Bronson Medical. Nevertheless, Dr. Cullen's irregular doctor-patient relationship left her open to such fraud if it occurred

1. That Dr. Kathleen Cullen had a contract with Bronson Medical, L.L.C. under which Dr. Cullen performed telemedicine services, signed off on medical tests, and reviewed charts; that Dr. Cullen did not interact directly with any patients in the work she did for Bronson Medical; that she performed no physical examinations and did not speak with the patients directly; that all patient contact was carried out by the nurse practitioner with whom she had a collaborative practice agreement;

2. That Dr. Cullen's oversight of the nurse practitioner with whom she had a collaborative agreement consisted solely of periodic chart reviews; that she failed to maintain a written standard protocol signed by the physician and the nurse practitioner specifying a plan for quality assurance management with defined quality outcome measures for evaluation of clinical practice of the nurse practitioner; that Dr. Cullen did not travel to Alabama to meet with or otherwise supervise the nurse practitioner while interacting with patients.

Based upon these findings, the Commission concludes as follows:

1. That Kathleen A. Cullen, M.D. failed to provide professional medical oversight and direction to her certified registered nurse practitioner as required by Ala. Admin. Code §

540-X-8-.01(a), which is a violation of a rule of the Board of Medical Examiners as set out in Ala. Code § 34-24-360(23);

2. That Kathleen A. Cullen, M.D. failed to specify a plan for quality assurance management with defined quality outcome measures for evaluation of the clinical practice of the certified registered nurse practitioner as set out in Ala. Admin. Code § 540-X-8-.08(8)(g), which is a violation of a rule of the Board of Medical Examiners as set out in Ala. Code § 34-24-360(23).

It is, therefore, ORDERED as follows:

1. That Kathleen A. Cullen, M.D. be and is hereby REPRIMANDED;

2. That Kathleen A. Cullen, M.D. be and is hereby fined ten thousand dollars ($10,000);

3. That the license to practice medicine in the state of Alabama be and is hereby revoked; that said revocation be and is hereby stayed and the license placed on probation subject to the following terms:

   a. Within six (6) months of the date of this order, Dr. Cullen shall successfully complete a continuing medical education course on ethics approved by the Alabama Board of Medical Examiners; and

   b. Within six (6) months of the date of this order, Dr. Cullen shall pay the $10,000 fine issued in this case.

4. The Commission will consider lifting the probation set out herein upon completion of the terms set out in item 3 above.

5. That Kathleen A. Cullen, M.D.'s license to practice medicine in the state of Alabama be and is hereby RESTRICTED hereafter as follows: Dr. Cullen shall not enter into a collaborative practice agreement with, employ or supervise an advanced practice provider.

Done this 24th day of February, 2021.

GEORGE C. SMITH, SR., M.D.
Chairman, Medical Licensure Commission
of Alabama

EXHIBIT H

BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA

ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, vs. THOMAS D. NIELSEN, M.D. Respondent.	)	**Case no. 20-180**

FINAL ORDER

This matter came before the Medical Licensure Commission of Alabama for final hearing on February 24, 2021 on the First Amended Administrative Complaint filed in the above action. Dr. Nielsen, being duly notified in accordance with the Alabama Administrative Procedures Act, was present with his attorney, Mr. James A. Hoover, and gave testimony and documentary evidence.

PROCEDURAL HISTORY

Dr. Nielsen was before the Commission for hearing on a prior Administrative Complaint on January 22, 2020. At that hearing the Commission heard evidence that Dr. Nielsen submitted an Interstate Medical Licensure Compact application for a Letter of Qualification on which he falsely stated that he had never been convicted of an offense; and that Dr. Nielsen was, in fact, convicted of driving under the influence in Florida in 2013. The Commission concluded that Dr. Nielsen made fraudulent or untrue statements to the Commission or to the Board of Medical Examiners in violation of § 34-24-360(17). Evidence was also presented that in September 2019 information was received from Joe Jordan, Director of the North Carolina Physicians Health

Program (NCPHP), that they had withdrawn their advocacy for Dr Nielsen due to his self-reported alcohol consumption, and that Dr Nielson became angry and threatened to come in and shoot the office up. The NCPHP then called the police and Dr Nielsen was arrested in Nags Head, North Carolina. Dr Nielsen testified that this incident was a misunderstanding, that this behavior was an isolated event, and would not occur in the future. The Commission ordered that Dr. Nielsen's license be returned to full and unrestricted status, but also ordered that Dr. Nielsen re-sign a new contract with the Alabama Professionals Health Program (APHP) which required Dr. Nielsen to see a psychiatrist for evaluation and treatment within three months of the date of the order, to sign a release allowing the release of any and all records and information gained or generated by said psychiatrist and/or APHP to the Medical Licensure Commission of Alabama and the Alabama Board of Medical Examiners.

FINDINGS

From the testimony and evidence submitted at said February 24, 2021 hearing the Medical Licensure Commission of Alabama finds as follows:

1. That Dr. Thomas D. Nielsen has signed at least 6 separate lifetime agreements with the Alabama Professionals' Health Program (APHP) and ten (10) total agreements, each one having been violated by Dr. Nielsen requiring a new contract; that Dr. Nielsen has had twelve (12) documented relapses of his alcoholism; that Dr. Nielsen states that he believes he has an anxiety disorder;

2. That Dr. Thomas D. Nielsen experienced his most recent relapse of his alcoholism during the week preceding June 3, 2020; that Dr. Nielson admitted to having drunk one pint of liquor, but that the PETH results were consistent with ingesting a higher quantity of alcohol.

3. That, despite being monitored through the use of a Soberlink device for many years, Dr. Thomas D. Nielsen has continued to miss scheduled Soberlink tests; that in July 2020, Dr. Nielsen missed thirteen (13) Soberlink tests and was late on three (3); that in August 2020, Dr. Nielsen missed fifteen (15) Soberlink tests and was late on one (1); that many of the missed tests were weekend tests;

4. That on or about August 26, 2020, Thomas D. Nielsen sent an email to the Director of APHP, Mr. Rob Hunt, which contained a thinly veiled threat that APHP would be abolished and that he hoped Mr. Hunt had his "retirement plans" "in place."

5. That Dr. Thomas D. Nielsen made an obscene gesture directed toward the staff of the APHP when he flipped a bird into the identifying photograph of the Soberlink monitoring device on or about August 20, 2020;

6. That on or about August 27, 2020, Dr. Thomas D. Nielsen sent an email to Roland Johnson at the Board of Medical Examiners wherein he threatened that he had a lawsuit against APHP "in the works" and claiming that APHP was "impossibly corrupt and abusive";

7. That on or about the evening of September 3, 2020, Dr. Thomas D. Nielsen called Director Rob Hunt's telephone twenty-one (21) times between 11:10 p.m. and 11:49 p.m.; that he called the telephone of Fay McDonnell, an employee of APHP, ten (10) times during the same time period;

8. That during late 2020, Dr. Thomas D. Nielsen left a telephone voice message pretending to be an attorney and threatening to file a lawsuit against APHP and/or its agents and employees; that Dr. Nielsen left the message in an attempted foreign accent identifying himself as "Patrick McDougal";

9. That Rob Hunt stated that Dr. Nielsen called APHP on June 4, 2020 after his reported relapse and threatened to kill himself, if he was not allowed to work at his job in Demopolis Alabama. The APHP felt they could not be intimidated by his suicide threat and they had no choice but to report his relapse to the BME;

10. That, in separate affidavits, Robert Hunt, Director of APHP, and Sandra Frasier, Medical Director Of APHP, noted many of the findings in items 4-9 above and because of Dr. Nielsen's past harassing, threatening, and insulting behaviors that they (the APHP) could no longer advocate for Dr. Nielsen and because of his impairment and behavioral abnormalities that he is not able to practice medicine in Alabama with reasonable skill and safety and that both feared for their personal safety;

CONCLUSIONS

Based upon these findings and Dr. Nielsen's past disciplinary history, the Commission concludes as follows:

1. That Thomas D. Nielsen, M.D. is unable to practice medicine with reasonable skill and safety to patients by reason of illness, inebriation, excessive use of drugs, narcotics, alcohol, chemicals, or any other substance, or as a result of any mental or physical condition as set out in Ala. Code § 34-24-360(19) (1975); and

2. That Thomas D. Nielsen, M.D. committed unprofessional conduct as defined by the Commission, a violation Ala. Code § 34-24-360(2).

DETERMINATION

It is, therefore, ORDERED that the license to practice medicine in the state of Alabama issued to Thomas D. Nielsen, M.D. be and is hereby REVOKED. It is further ordered that the

Commission will reconsider the reinstatement of the license only upon the expiration of two years and the successful completion of the following:

1. A full psychiatric, neuropsychological, and alcoholism evaluation by The Menninger Clinic or Acumen Assessments with successful completion of any and all treatment recommended by such evaluations and attestation by the evaluating or treating facility that Dr. Nielsen is fit to practice medicine with reasonable skill and safety to patients; and

2. Two full years of complete sobriety without relapse following evaluation and treatment with proof of monitoring and testing for the full two-year period. Any and all treating facilities shall agree to monitor Dr. Nielsen during his recovery and report all test results to the Commission; no other monitoring agent will be acceptable to the Commission.

Any and all records of the Commission and APHP shall be made available to the evaluating/treating facility. Dr. Nielson shall execute any and all releases necessary to disclose said records in the form prescribed by the Medical Licensure Commission.

Done this 19th day of March, 2021.

GEORGE C. SMITH, SR., M.D.
Chairman, Medical Licensure Commission
of Alabama
