ORDER

This matter comes before the Medical Licensure Commission of Alabama on the appeal by Muhammad U. Kamal, M.D. of the denial by the Alabama State Board of Medical Examiners of an initial certificate of qualification. A hearing was held on June 23, 2021, at which the Board of Medical Examiners offered evidence, and at which Dr. Kamal appeared and gave evidence.

FINDINGS OF FACT

Upon consideration of the evidence submitted at the hearing and the record on appeal from the Board, the Commission finds as follows:

1. That on or about October 25, 2019, Dr. Kamal began a series of text message conversations through a social media platform with a dietitian with whom he had become acquainted while working at GHVHS/Catskill Regional Hospital in New York state; that Dr. Kamal regularly saw the dietitian during morning meetings while at work; that the text conversations ranged on a variety of subjects which were not related to work, but seem otherwise largely innocuous[1];

[1] The Commission notes that the screenshots of the text string presented to the Commission contained only those texts transmitted by Dr. Kamal and none of the texts transmitted by the dietitian. It is difficult to grasp the full import of the conversation having only seen one side, and any subtleties or innuendos which might have attended the conversation and given rise to alarm in one of the parties to the exchange may not be apparent.

2. That on or about October 28, 2019, the dietitian sent a text asking Dr. Kamal to stop texting her; that Dr. Kamal stopped texting the dietitian upon receipt of this text message[2];

3. That the dietitian complained to local authorities, which complaint resulted in charges being filed against Dr. Kamal on or about November 1, 2019, for Fourth Degree Stalking, a misdemeanor, and Aggravated Harassment Second Degree, a misdemeanor; that along with these filings, the court entered a restraining order directing that Dr. Kamal have no contact with the complaining dietitian;

4. That on or about November 20, 2019, the court dismissed the charge of Aggravated Harassment Second Degree against Dr. Kamal, and that on or about February 5, 2020, the court dismissed the charge of Stalking Fourth Degree against Dr. Kamal;

5. That there is no other evidence before the Commission of any conduct similar to that complained of by the dietitian during Dr. Kamal's training or subsequent employment;

CONCLUSIONS

Based upon these facts, the Commission concludes that Dr. Kamal meets the qualifications set out in Ala. Code § 34-24-70 necessary for the issuance of a certificate of qualification; that there is insufficient evidence to support a conclusion that Dr. Kamal's actions support a ground for denial of a certificate of qualification as set out in Ala. Code § 34-24-70(c)[3]; that, additionally and more particularly, there is insufficient evidence to support a conclusion that he committed any of the acts or offenses constituting grounds for denial as referenced in Ala. Code § 34-24-70(c)(5) or that he has

---

[2] An additional text message was submitted into evidence. The text is undated and was sent from a telephone number which Dr. Kamal testified was not his. There is no other evidence to suggest that he continued to text the dietician after she asked him to stop.

[3] This statute was re-lettered effective March 17, 2021, and the previous placement of the operative portion of this statute appears at former Ala. Code § 34-24-70(d)

failed to comply with any of the requirements or rules for the issuance of a certificate of qualification as referenced in § 34-24-70(c)(6).

It is, therefore, ORDERED that the Alabama State Board of Medical Examiners issue a certificate of qualification to Muhammad U. Kamal, M.D.

Done this 30th day of June, 2021.

CONSENT ORDER

STATEMENT OF PROCEDURAL POSTURE/HISTORY

This matter is before the Medical Licensure Commission of Alabama ("the Commission") on the Administrative Complaint and Petition for Summary Suspension ("Administrative Complaint") filed by the Alabama State Board of Medical Examiners ("the Board") on August 20, 2020. The Board and Respondent, Paul D. Roller, M.D. ("Respondent"), entered into a Joint Settlement Agreement ("the Agreement"), which was filed with this Commission on the 22nd day of June, 2021.

STATEMENT OF JURISDICTION

The Commission hereby finds that it has jurisdiction over the Administrative Complaint, and the parties hereto, pursuant to Ala. Code § 34-24-361.

FINDINGS OF FACT

After reviewing the Agreement submitted by the parties, which is incorporated by reference as if set forth fully herein, the Commission hereby makes the following findings of fact:

1. Respondent has maintained a license to practice medicine in Alabama since May 25, 1994, having been issued license number MD.18110.

2. On or about July 29, 2020, Respondent was arrested by the Homewood Police

Department on two counts of Aggravated Criminal Surveillance, a class "C" felony for allegedly observing or attempting to secretly observe one or more women in their homes.

3. Respondent admits he was arrested on July 29, 2020, however, he denies the underlying conduct that led to his arrest.

4. On June 16, 2021, counsel for Respondent filed a motion to stay the upcoming administrative proceeding before the Commission based on Respondent's Fifth Amendment right against self-incrimination in light of his pending criminal proceedings. On June 20, 2021, the Hearing Officer entered an order denying Respondent's request to stay this matter. Respondent adamantly contests this finding.

5. In an effort to preserve his Fifth Amendment right and further, to avoid the expense and uncertainty of a hearing, Respondent consents to the Commission entering an order finding that he violated Ala. Code § 34-24-360(2) and (19)(a), as set out in Counts One and Two of the Board's Administrative Complaint and Petition for Summary Suspension of License.

CONCLUSIONS OF LAW

The Commission concludes, as a matter of law, that the stipulated facts of the Agreement establish violations of Ala. Code §§ 34-24-360(2) and (19)(a).

ORDER/DISCIPLINE

Based upon the foregoing findings of fact and conclusions of law, it is the ORDER of the Medical Licensure Commission:

1. That the license to practice medicine in Alabama of Respondent is hereby REVOKED.

The Medical Licensure Commission retains jurisdiction in this matter for the purpose of entering such further orders and directives as may be required to implement the provisions of this Consent Order.

ORDERED this the 23rd day of June, 2021.

JOINT SETTLEMENT AGREEMENT

COME NOW, the Alabama State Board of Medical Examiners ("the Board") and Paul D. Roller, M.D., ("Respondent") (hereinafter collectively referred to as "the Parties") and enter into this Joint Settlement Agreement to resolve the disciplinary charges filed against Respondent's medical license. In support thereof, the Parties state as follows:

JURISDICTION

1. Respondent has maintained a license to practice medicine in Alabama since May 25, 1994, under license number MD.18110. On August 20, 2020, the Board filed an Administrative Complaint with the Medical Licensure Commission ("the Commission") seeking the revocation of Respondent's medical license. Respondent's license was also summarily suspended by order of the Commission on August 20, 2020. Respondent's license has remained suspended during these proceedings.

STIPULATION

2. The Board charged Respondent in Count One of the Administrative Complaint with engaging in unprofessional conduct by intentionally surveilling one or more individuals without prior expressed or complied consent, in a place where the individuals possessed a

reasonable expectation of privacy, in violation of Ala. Code § 34-24-360(2). Count Two charges Respondent with being unable to practice medicine with reasonable skill and safety to his patients, in violation of Ala. Code § 34-24-360(19a).

3. Respondent has denied the allegations contained in the Administrative Complaint; however, Respondent has been advised by counsel that the Board would be able to satisfy its burden of proof if the case were to proceed to a hearing. Additionally, Respondent is the subject of a parallel criminal investigation and intends to preserve his Fifth Amendment right protecting him against self-incrimination in that proceeding. Respondent makes no admissions for the purposes of this agreement.

4. Accordingly, Respondent enters into this agreement with the Board to resolve the matter with the Board, to avoid the costs and uncertainties of further litigation, and to preserve his constitutional rights. Respondent stipulates that the Commission may enter an order finding that he has violated Ala. Code §§ 34-24-360(2) and (19a) as charged in the Administrative Complaint.

TERMS OF AGREEMENT

5. Respondent consents to the revocation of his medical license by the Commission. Respondent further consents to the Commission making such findings and facts and conclusions of law as may be necessary to enter said order.

6. Respondent further agrees to never seek reinstatement of his certificate of qualification or license to practice medicine or osteopathy in the State of Alabama. Respondent consents to the Commission ordering that the revocation of his medical license be considered permanent. Respondent agrees that this Joint Settlement Agreement shall be a sufficient basis for

the summary dismissal of any petition for reinstatement of his certificate of qualification and/or medical license should he file for reinstatement in violation of this agreement.

7. The Board agrees not to seek for the assessment of administrative costs nor the imposition of a fine.

8. Respondent consents and agrees to the entry by the Commission of a consent order consistent with the terms of this agreement and agrees to be bound by the findings of fact, conclusions of law, and terms and conditions stated therein. Respondent waives his right to an administrative hearing before the Commission, his right to be represented at such hearing by counsel of his choice and agrees to waive any and all rights to further notice and formal adjudication by the Board and the Commission of charges arising from the facts stated herein. Further, Respondent waives his right to judicial review of the consent order agreed to herein under applicable provisions of the Alabama Administrative Procedure Act, Ala. Code §41-22-1, *et. seq.* Respondent understands and acknowledges that the Joint Settlement Agreement and Consent Order, if approved and executed by the parties, shall constitute a public record under the laws of the state of Alabama.

9. Respondent acknowledges and agrees that the Joint Settlement Agreement and Consent Order constitute a public record of the Board and will be reported by the Board to the Federal National Practitioner Data Bank ("NPDB") and the Federation of State Medical Boards ("FSMB") disciplinary data bank. This Joint Settlement Agreement and Consent Order may be released by the Board to any person or entity requesting information concerning the licensure status in Alabama of Respondent.

10. The Board stipulates and agrees that the terms and conditions of the Joint

Settlement Agreement and resulting Consent Order entered by the Commission constitute a reasonable disposition of the matter stated herein, and that such disposition protects the public's health and safety.

STIPULATED AND AGREED this 22 day of June, 2021.
