ALABAMA STATE BOARD OF MEDICAL EXAMINERS, Complainant, -*VS*- CHARLES RAYMOND LAW, M.D., Respondent.	:	CASE NO. 2021-297

CONSENT DECREE

STATEMENT OF PROCEDURAL POSTURE/HISTORY

This matter is before the Medical Licensure Commission of Alabama ("the Commission") on the Administrative Complaint and Petition for Summary Suspension ("Administrative Complaint") filed by the Alabama State Board of Medical Examiners ("the Board") on January 24, 2022. The Board and Respondent, Charles Raymond Law, M.D. ("Respondent"), entered into a Joint Settlement Agreement ("the Agreement"), which was filed with this Commission on the 22nd day of February 2022.

STATEMENT OF JURISDICTION

The Commission hereby finds that it has jurisdiction over the Administrative Complaint, and the parties hereto, pursuant to *Ala. Code* § 34-24-361.

FINDINGS OF FACT

After reviewing the Agreement submitted by the parties, which is incorporated by reference as if set forth fully herein, the Commission hereby makes the following findings of fact:

1. Respondent has maintained a license to practice medicine in Alabama since June 25, 1997, having been issued license number MD. 20968.

2. The Board charged Respondent in Count One of the Administrative Complaint with engaging in unprofessional conduct by committing sexual misconduct in the practice of medicine, in violation of *Ala. Code* § 34-24-360(2). Counts Two and Four charge Respondent with being unable to practice medicine with reasonable skill and safety to his patients, in violation of *Ala. Code* § 34-24-360(19a). Count Three charges Respondent with gross negligence, repeated malpractice, and gross

negligence in the practice of medicine based on his professional sexual misconduct, in violation of *Ala. Code* § 34·24·360(9).

3. Respondent denied the allegations contained in the Administrative Complaint; however, Respondent has been advised by the Board's counsel that the Board would be able to satisfy its burden of proof if the case were to proceed to a hearing. Additionally, Respondent intends to preserve his Fifth Amendment right protecting him against self-incrimination. Respondent makes no admissions for the purposes of this agreement.

4. Respondent entered into an agreement with the Board to resolve the matter with the Board, to avoid the costs and uncertainties of further litigation, and to preserve his constitutional rights. Respondent stipulated that the Commission may enter an order finding that he has violated *Ala. Code* §§ 34-24-360(2) and (19a) as charged in the Administrative Complaint. The Board agreed to the dismissal of Count Three of the Administrative Complaint.

5. Respondent consents to the revocation of his medical license by the Commission. Respondent further consents to the Commission making such findings of facts and conclusions of law as may be necessary to enter said order.

6. Respondent further agrees to never seek reinstatement of his certificate of qualification or license to practice medicine or osteopathy in the State of Alabama. Respondent consents to the Commission ordering that the revocation of his medical license be considered permanent. Respondent agrees that this Joint Settlement Agreement shall be a sufficient basis for the summary dismissal of any petition for reinstatement of his certificate of qualification and/or license should he file for reinstatement in violation of this agreement.

7. The Board agrees not to seek for the assessment of administrative costs nor the imposition of a fine.

8. Respondent consents and agrees to the entry by the Commission of a consent order consistent with the terms of this agreement and agrees to be bound by the findings of fact, conclusions of law, and terms and conditions stated therein. Respondent waives his right to an administrative hearing before the Commission, his right to be represented at such hearing by counsel of his choice and agrees to waive any and all rights to further notice and formal adjudication by the Board and the Commission of

charges arising from the facts stated herein. Further, Respondent waives his right to judicial review of the consent order agreed to herein under applicable provisions of the Alabama Administrative Procedure Act, Ala. Code §41 -22-1, et; seq. Respondent understands and acknowledges that the Joint Settlement Agreement and Consent Order, if approved and executed by the parties, shall constitute a public record under the laws of the state of Alabama.

9. Respondent acknowledges and agrees that the Joint Settlement Agreement and Consent Order constitute a public record of the Board and will be reported by the Board to the Federal National Practitioner Data Bank ("NPDB") and the Federation of State Medical Boards ("FSMB") disciplinary data bank. This Joint Settlement Agreement and Consent Order may be released by the Board to any person or entity requesting information concerning the licensure status in Alabama of Respondent.

10. The Board stipulates and agrees that the terms and conditions of the Joint Settlement Agreement and resulting Consent Order entered by the Commission constitute a reasonable disposition of the matter stated herein, and that such disposition protects the public's health and safety.

CONCLUSIONS OF LAW

The Commission concludes, as a matter of law, that the stipulated facts of the Agreement establish violations of *Ala. Code* §§ 34-24-360(2) and (19)(a).

ORDER/DISCIPLINE

Based upon the foregoing findings of fact and conclusions of law, it is the ORDER of the Medical Licensure Commission:

1. That the license to practice medicine in Alabama of Respondent is hereby REVOKED.

The Medical Licensure Commission retains jurisdiction in this matter for the purpose of entering such further orders and directives as may be required to implement the provisions of this Consent Order.

Done this the 14th day of March, 2022.

This action is made consistent with the Rules and Regulations of the Board of Medical Examiners and the Medical Licensure Commission and Ala. ALABAMA STATE BOARD OF MEDICAL EXAMINERS, **Complainant,** **vs.** **VINSON M. DISANTO, D.O.,** **Respondent.**	**BEFORE THE MEDICAL LICENSURE COMMISSION OF ALABAMA** **CASE NO. 19-140**

FINAL ORDER

This matter comes before the Medical Licensure Commission of Alabama (the "Commission") on the Administrative Complaint filed by the Alabama State Board of Medical Examiners (the "Board"), in which the Board opposes reinstatement of the license of Vinson Michael DiSanto, D.O. (the "Respondent") to practice medicine or osteopathy in the State of Alabama.

Pursuant to the provisions of Ala. Admin. Code r. 545-X-3, the Commission held a hearing on this matter on February 23, 2022. At the hearing, the Board was represented by attorneys E. Wilson Hunter and Blake T. Henson, the Respondent appeared and testified on his own behalf without counsel, and the Honorable William R. Gordon presided as Hearing Officer pursuant to Ala. Admin. Code r. 545-X-3-.08. After careful consideration of all of the relevant testimony, documents, and other evidence presented at the hearing, the Commission enters the following findings of fact and conclusions of law.

1. On March 28, 2011, Respondent was issued license number DO.1189, authorizing him to practice medicine or osteopathy in the State of Alabama.

2. The Commission revoked Respondent's license on October 2, 2019. As grounds, the Commission found that Respondent was "unable to practice medicine or osteopathy with reasonable skill and safety to patients by reason of a demonstrated lack of medical knowledge or clinical competency as set out in § 34-24-360(20)(a) Ala. Code (1975)," and that Respondent had "received disciplinary action in another state against his license to practice medicine or osteopathy based upon acts by the licensee similar to acts described in § 34-24-360." The Order also stated that the Commission would consider re-licensure if Respondent first successfully completed an ACGME-approved residency program and applied for reinstatement of his license within the time allowed by law. The Commission also assessed a fine in the amount of $1,000.00, and administrative costs in the amount of $3,167.64, both of which Respondent has paid in full.

3. On October 3, 2020, the Commission entered an Order establishing certain terms and conditions under which Respondent might seek reinstatement of his Alabama license. Specifically, the Commission ordered:

> "the Commission will consider reinstatement if [Respondent] will accomplish the following: 1) an evaluation for competence to safely practice family medicine administered by the Texas A&M KSTAR program, or other similar program which is pre-approved by the Commission; 2) submission of the report generated from said program directly from the program to the Medical Licensure Commission; 3) successful completion of any and all remediation, training, or education recommended by the said program; 4) payment of all fines and costs assessed in this case; and 5) submission of a request for reinstatement within the time allowed for by Alabama law."

4. Respondent requested reinstatement of his license on October 19, 2021; it is that request that is presently before the Commission.

5. As we ordered on October 3, 2020, Respondent did complete the Texas A&M KSTAR assessment, and it appears that Respondent has also substantially complied with the other terms and conditions of our previous Order. The results of the KSTAR assessment indicate that Respondent is safe to practice medicine or osteopathy, but only under strict conditions and

restrictions. After full consideration of all of the evidence presented at the hearing, the Commission **ORDERS** that Respondent's request for reinstatement of his license to practice medicine or osteopathy in Alabama is **GRANTED, provided, however, that Respondent's license is placed on probation with the following conditions of probation:**

a. Before entering into the practice of medicine or osteopathy in Alabama, Respondent shall submit a reasonably detailed practice plan to, and shall receive approval of the same from, the Commission. Respondent's practice plan shall incorporate and comply with all provisions of this Order.

b. Respondent shall not be permitted to practice medicine or osteopathy in Alabama via telemedicine.

c. Respondent shall not be permitted to practice in an emergency room setting, nor provide emergent/urgent/acute care in Alabama.

d. Respondent shall establish a physical location in Alabama at which to see and treat Alabama patients.

e. During the first six months of Respondent's practice in Alabama, or until Respondent shall have seen at least 30 individual patients in Alabama, whichever later occurs, Respondent's practice in Alabama shall be directly and personally supervised on-site by another Alabama-licensed physician.

f. Each calendar quarter, no fewer than five charts selected by a Commission investigator will be reviewed by a reviewer of Commission's choosing, at Respondent's expense.

g. Within six months of the date of this Order, Respondent shall complete no fewer than 50 hours of AAFP or AMA-PRA Category 1 credit from high quality sources such as the AAFP, Core Content Review of Family Medicine, or similar offerings. Continuing medical education credits completed before the date of this Order do not count toward this requirement.

Because Respondent has previously paid all costs of the proceedings as they have been assessed against him, no administrative costs are assessed against Respondent at this time.

DONE on this the 1st day of March, 2022.

ORDER

This matter comes before the Medical Licensure Commission of Alabama (the "Commission") on the Administrative Complaint filed by the Alabama State Board of Medical Examiners (the "Board"), in which the Board opposes reinstatement of the license of Christopher Parker Gay, D.O. (the "Respondent") to practice medicine in the State of Alabama.

Pursuant to the provisions of Ala. Admin. Code r. 545-X-3, the Commission held a hearing on this matter on February 23, 2022. At the hearing, the Board was represented by attorneys E. Wilson Hunter and Blake T. Henson, and the Honorable William R. Gordon presided as Hearing Officer pursuant to Ala. Admin. Code r. 545-X-3-.08. Respondent did not appear, and the hearing was held *in absentia* pursuant to Ala. Code § 41-22-12(d). After careful consideration of all of the relevant testimony, documents, and other evidence presented at the hearing, the Commission enters the following findings of fact and conclusions of law.

1. Respondent was properly served with notice of these proceedings.

2. The factual allegations of paragraphs 1 through 18 of the Administrative Complaint are deemed to be established as true for purposes of these proceedings, and are incorporated herein by reference.

3. Respondent is unable to practice medicine with reasonable skill and safety to his patients by reason of illness, inebriation, excessive use of alcohol, or any other substance, or as a result of any mental or physical condition, in violation of Ala. Code § 34-24-360(19)a.

4. Respondent committed unprofessional conduct by refusing or failing to comply with an order issued by this Commission, in violation of Ala. Code § 34-24-360(2) and Ala. Admin. Code r. 545-X-4-.06(6).

Based upon the evidence presented, and upon review of the entire file, it is the Order of the Medical Licensure Commission that Respondent's application to reinstate his license to practice medicine in the State of Alabama be, and the same hereby is, DENIED.

It is the further Order of the Medical Licensure Commission that the Board of Medical Examiners shall submit a bill of its administrative costs pursuant to Ala. Admin. Code r. 545-X-3-.08(10)(b) within fifteen (15) days of this Order. If no objection is made to such costs within fifteen (15) days of the filing of such cost bill, such costs shall be due and payable by Respondent within thirty (30) days of the filing of such cost bill.
