### **Initial Application for Qualified Alabama Controlled Substances Registration Certificate (QACSC) for CRNP/CNM**

An application for a Qualified Alabama Controlled Substances Certificate should include:

- 1) Application form
    - Note: a separate QACSC is required for each Collaborative Practice Agreement and is exclusive to that Collaborative Practice Agreement.
    - Initial application: \$110.00
    - Subsequent applications: \$60.00
  - 2) Completed Formulary for QACSC form
    - Attached to this application
  - 3) Proof of successful completion of a course or courses (AMA PRA Category 1) **approved by the Board** which includes:
    - Eight (8) hours of instruction regarding the prescribing of controlled substances and
    - Four (4) hours of advanced pharmacology and prescribing trends relating to controlled substances within one (1) year preceding the filing of an application for a QACSC.
  - 4) QACSC covering physician agreement
    - Note: Covering physicians being added for the QACSC must first be on the Collaborative Practice Agreement. Only physicians who have signed the covering agreement will be able to provide medical oversight for the prescribing under this QACSC.
  - 5) A **copy** of all your DEA Registration(s), once received
    - You will apply for your DEA registration once the Initial QACSC is issued.
    - Submit the DEA Registration to the Board once it is received.
    - To lawfully administer or prescribe controlled substances in Alabama, a Qualified Alabama Controlled Substances Registration Certificate and an Alabama DEA registration are required. For further information concerning federal requirements, go to <https://deadiversion.usdoj.gov/>
- Without a current and active Collaborative Practice Agreement, a QACSC is not valid.
  - Termination of a Collaborative Practice Agreement automatically terminates any QACSC which is under that Collaborative Practice Agreement.
  - If the Alabama Controlled Substances Certificate of the collaborating physician becomes inactive, revoked, suspended, restricted, or placed on probation, then the QACSC of the CRNP/CNM shall be administratively terminated by operation of law.
  - Applicants should thoroughly review Chapter 540-X-18, Qualified Alabama Controlled Substances Registration Certificate for CRNPs & CNMs
  - QACSCs must be renewed annually
  - QACSC renewal notifications are provided each year to the CRNP/CNM's address of record. It is the CRNP/CNM's responsibility to provide a current address to the Board.
  - QACSC licenses not renewed are automatically placed in inactive status on January 1 of each year.
  - As a requirement for renewing a QACSC, a CRNP or CNM shall obtain, every two years, four (4) AMA PRA Category 1 credits™ or equivalent through a Board approved course or courses regarding the prescribing of controlled substances.
  - A QACSC may be suspended or revoked by the Board upon a finding that the registrant has furnished false or fraudulent material information in any application.

- 10) The Board recognizes that permittees encounter potentially impairing health conditions just as their patients and other health care providers do, including psychiatric or physical illnesses which may impact cognition, as well as substance use disorders. The Board expects its permittees to address their health concerns, both mental and physical, in a timely manner to ensure patient safety. Permittees should seek appropriate medical care and should limit their practice when appropriate and as needed. The Board encourages permittees to utilize the services of the Alabama Board of Nursing's Voluntary Disciplinary Alternative Program (VDAP), an advocacy organization dedicated to improving the health and wellness of nursing professionals. The failure to adequately address a health condition, where the permittee is unable to practice with reasonable skill and safety to patients, can result in the Board taking action against the Qualified Alabama Controlled Substances Certificate.

I have read and understood the statement above. \_\_\_\_\_
