PRESENTATION/DISCUSSION

Surgical Dermatology Group After consideration of a discussion with Christopher B. Employees of state and county health departments and facilities certified by the Alabama Department of Mental Health are exempt from the requirement of written verification of physician availability. (Emphasis added)

The Credentials Committee recommended that Dr. Harmon be advised that, in order for Surgical Dermatology Group to comply with the Board's rules, a covering physician who is available for consultation, referral, and direct medical intervention should be added to the registration agreements in question.
