2. It is admitted by Dr. Carmona that on or about December 16, 2019, Dr. Carmona submitted or caused to be submitted an Alabama medical license renewal application for the year 2020 on which the certification was made that the annual minimum continuing medical education requirement of 25 credits had been met or would be met by December 31, 2019, and the licensee had supporting documents if audited.

6. It is further agreed that Dr. Carmona will not seek to disqualify any member of the Medical Licensure Commission from hearing this matter based on that member's consideration of this joint petition.

2. It is admitted by Dr. McCleney that on or about December 12, 2019, Dr. McCleney submitted or caused to be submitted an Alabama medical license renewal application for the year 2020 on which the certification was made that the annual minimum continuing medical education requirement of 25 credits had been met or would be met by December 31, 2019, and the licensee had supporting documents if audited.

It is further agreed by the parties that, in the event the Medical Licensure Commission declines to accept this joint settlement agreement and consent order, and requires the Board of Medical Examiners to present testimony and documentary exhibits at a subsequent hearing, any admissions by Dr. McCleney in this agreement shall not be binding upon Dr. McCleney, and the consideration by the Commission of the Joint Settlement Agreement and consent order and the documentary evidence referred to herein, will not be prejudicial to the right of Dr. McCleney to receive a fair and impartial hearing.

6. It is further agreed that Dr. McCleney will not seek to disqualify any member of the Medical Licensure Commission from hearing this matter based on that member's consideration of this joint petition.
