CASE NO. 2012-010

ORDER

This matter is before the Medical Licensure Commission of Alabama on Respondent's request for approval of his practice plan, in accordance with our Order of November 22, 2022.

Upon review and consideration, the Commission believes that Respondent's proposed practice plan is acceptable and meets the conditions of our Order of November 22, 2022, except that Commission cannot approve the length of shifts requested.

Accordingly, the Commission denies Respondent's request for approval of his practice plan, as currently presented. The Commission authorizes the Chairman, in consultation with the Vice-Chairman, to approve an amended practice plan that satisfactorily addresses the issue noted above.

CASE NO. 2021-017

ORDER

This matter is before the Medical Licensure Commission of Alabama on Respondent's request for approval of a practice plan, submitted via e-mail on December 17, 2022.

Upon review, the Commission concludes that Respondent's proposed practice plan, while improving on his previous proposals, still fails to contain sufficient information and detail from which the Commission can be satisfied that the conditions set forth in Part V of our Findings of Fact and Conclusions of Law of April 21, 2022, can and will be complied with. Specifically, Respondent proposes to dispense with the chaperone requirement altogether in the context of telemedicine. We find this proposal wholly unacceptable. At a minimum, the Commission will require a chaperone—employed and trained in accordance with our April 21, 2022 Order—to observe all female patient encounters via telemedicine either virtually or in person.

Therefore, approval of Respondent's practice plan is denied.

CASE NO. 2022-344

ORDER

On December 1, 2022, the Commission entered an order granting in part, and denying in part, Respondent's "Motion for Stay of Proceedings," filed on November 15, 2022. In that Order, the Commission determined that the hearing in this matter currently scheduled for January 25, 2023, would be continued to May 24, 2023, **but only if** Respondent "execute[d] an unconditional waiver of the 120-day limitation on the summary suspension of his license to practice medicine in the State of Alabama, using a form that will be provided to his counsel by counsel for the Commission."

The Commission is informed that its General Counsel has provided counsel for the Respondent the form of waiver to be executed on two separate occasions (on December 6 and 16, 2022), but that, as of this date, the executed waiver has not been returned.

Accordingly, it is ORDERED:

1. That Respondent shall execute and return the waiver in accordance with the Commission's order of December 1, 2022, **no later than 12:00 noon, Central Standard Time, on December 30, 2022.**
